SAN GABRIEL VALLEY CLEANUP PROGRAM – NOTICE OF VIOLATION, SOUTHERN CALIFORNIA EDISON COMPANY AT 2244 WALNUT GROVE AVENUE (FILE NO. 107.1786)

Dear Mr. Rapan:

In our letter dated July 1, 1999 (enclosed), we required you to submit two copies of a report containing data for four emergent chemicals (perchlorate, MTBE, 1,4-dioxane and NDMA) by August 16, 1999. In the same letter we gave you the detection limits for these chemicals, which are 4, 10, 2 and .033 ug/L respectively.

To date, we have not received the report or information when it will be submitted. Pursuant to Sections 13267 and 13268 of the California Water Code, a civil liability may be administratively imposed by this Regional Board to enforce the appropriate compliance of Regional Board requirements. Failure to submit the required report by **October 20, 1999** will result in the above enforcement action being taken against you.

Your immediate attention to this matter is requested. If you have any questions, please call E. G. Solomon at (213) 576-6727.

Sincerely,

DENNIS A. DICKERSON
Executive Officer
